

ENTity SD (Small Diameter) LED NasoView Nasopharyngoscope

Bringing precision endoscopy to the point of care, anywhere.

Slimline 2.7mm shaft makes the ENTity SD the preferred choice for narrow upper airway passages in both adults and children

The ENTity SD (Small Diameter) LED Nasopharyngoscope frees you to perform nasal endoscopy and laryngoscopy virtually anywhere. Our patented, integrated LED light source eliminates cumbersome external light sources while providing exceptional visibility. The result is an endoscope as portable and easy-to-use as a stethoscope. So you can take the scope to your patients, wherever they are.

New Features:

- 45X Eyepiece Magnification - Optional
- Slimline 2.7mm shaft

Specifications

Flexible Length	30cm (11.8")
Overall Length	53cm (20.9")
Shaft Diameter	2.7mm
Weight	11.6 oz
Articulation Range	110 degrees up / down
Depth of Field	5mm to 50mm
Field of View	85 degrees
